

MANUAL HAND STACKER

MANUAL HAND STACKER

Eagle Hand Stacker is hand push & hand lift stacker which provides cost-effective handling for both vehicle loading and production areas. Eagle Hand Stacker has the features of easy structure, flexible operation, and high explosion proof security.

This kind of equipment can be used in some special area, for example, narrow aisle and other small space. Easy maintenance and low running costs.

- ✓ C- type steel is used on the mast, which ensures higher strength. Especially for double mast series, it is more stable when lifting.
- ✓ All series trucks are equipped with stretched safety grid, the grid and mounting screws are integrated, it is not easy to fall and keeps safer and more convenient.
- ✓ Widened rear wheel frame can better protect the operator from being injured. Adjustable fork is opted.
- ✓ Standard Eagle handle with even more scientific ergonomic design, improves the comfortableness and reduces the fatigue.
- ✓ Open bottom pallets only.

Ergonomic rubber handle ensures a comfortable easy operation

Effortless and quick lifting for using foot pedal without loads

Adjustable fork to coordinate with different requirements

Safe parking in any situation
